PROFILE SUMMARY

Motivated MCA student with hands-on experience in web development, Python programming, SQL, and AWS cloud deployment. Skilled in building responsive web applications using HTML, CSS, JavaScript, React.js, and Node.js, with a strong foundation in Data Structures & Algorithms, OOP, DBMS, and Computer Networks. Seeking an entry-level Software Developer role to contribute technical skills and continue learning

EDUCATION

Master of Computer Applications (MCA) — AKTU	Nov 2025 – July 2027
ABES Engineering College, Ghaziabad	YGPA: 9.09/ 10
Bachelor of Computer Applications (BCA) — CCS University	2022 – 2025
INMANTEC Group of Institutions	71.8%
Class 12th (CBSE)	2022
Dehradun Public School (DDPS)	70.66%
Class 10th (CBSE)	2020
Dehradun Public School (DDPS)	64.8%

TECHNICAL SKILLS

- **Programming Languages:** Python, C++, JavaScript, C
- **Web Technologies:** HTML5, CSS3, Bootstrap, Tailwind CSS
- **Databases:** MySQL
- **Developer Tools:** Git, GitHub, VS Code, Linux, MySQL Workbench, AWS S3
- **Core Concepts:** Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks, Software Engineering

PROFESSIONAL EXPERIENCE

Academic Project Experience | Self-Initiated | 2025–2026

- Built and tested 5+ web applications using HTML, CSS, and JavaScript focusing on responsive UI design and feature implementation
- Used Git and GitHub for version control across 5+ projects, managing code changes and collaboration workflows
- Deployed a portfolio website on AWS S3 Static Website Hosting and verified responsive behavior across desktop and mobile devices
- Implemented debugging fixes, UI enhancements, and feature updates across 4+ web development projects

PROJECTS

E-Commerce Website | July 2026

- Developed a responsive e-commerce website with 10+ product listings, add-to-cart, and cart management features
- Implemented responsive layouts using HTML, CSS, and JavaScript, ensuring compatibility across desktop, tablet, and mobile devices
- Organized reusable UI components and optimized page structure for better maintainability

Music Player Web Application | June 2025

- Built a responsive music player supporting play/pause, next/previous track, playlist management, and volume control
- Integrated HTML5 Audio APIs for real-time audio playback and interactive controls

Personal Portfolio Website | June 2026

- Designed and deployed a responsive portfolio website on AWS S3 Static Website Hosting
- Implemented mobile-friendly layouts and optimized loading performance for a smoother user experience

Campus Mart (In Progress) | Flask, MySQL, HTML, CSS, JavaScript | 2026

- Developing a campus marketplace web application for students to buy and sell used items, with features including user login, product listing, search, and category-based browsing.

ACHIEVEMENTS

- **Competitive Programming:** Solved 100+ coding problems on LeetCode, strengthening problem-solving, data structures, and algorithmic skills
